EXPERIENCE

Freelance Generative AI Designer — Mumbai, India

Oct 2025 – Present

- Designed a full brand identity and campaign asset set for RIVEA, a skincare and lip-care brand including visual identity, product visuals, and a digital lookbook.
- Created product advertisement concepts and social media marketing assets for GlowSkin, a luxury skincare brand, using structured text-to-image prompt workflows.
- Built a brand identity system for RYDR, a quick-commerce brand covering logo, visual language, and digital assets.
- Developed branding and packaging visuals for SCOOPA, a premium ice cream brand, published as portfolio work on Behance.
- Applied prompt engineering and iterative refinement across Midjourney, Leonardo AI, Flux, and Ideogram to deliver brand-consistent visuals; finished and prepared assets for delivery in Photoshop and Illustrator.
